

## AUTOMOBILE INSURANCE

Every auto owner needs insurance. It's just as much of a necessity as gas or oil. Why? Because every time you take your car out you run a risk of having an accident that might cost you a large sum.

There is only one company doing business in Michigan which can give you the MOST insurance for the LEAST money; it's also the oldest and largest Mutual Auto Insurance Co. in the state. It's the "Citizens Mutual" of Howell, Mich.—19,000 members in the state.

We cover fire and theft in all sums between \$25.00 and the cash value of the car at the date of loss, but not exceeding \$1,000; and liability (injury to other people and damage to other people's property) in all sums between \$25.00 and \$5,000.00.

Our rate is so cheap you can't afford to be without protection; 25c per H. P. and \$1.00 policy fee.

## Have you a building job on your hands?

Now that prices are high it is more than ever important that you give careful consideration to the roof you are going to put on. You can save real money and get a better roof by using

## Certain-teed Roofing

Thru quality and sheer merit as a roofing material CERTAIN-TEED is now being used as the preferable type of roofing for sky-scrapers, factories, hotels, stores, warehouses, garages, farm buildings etc., where durability is necessary.

It is economical to buy, inexpensive to lay and costs practically nothing to maintain. It is weather-tight, light weight, clean, sanitary and fire-retardant. It is guaranteed for 5, 10 or 15 years, according to thickness (1, 2 or 3 ply).

There are many roll roofings on the market, but only one CERTAIN-TEED. It pays to get the best. It costs no more to lay a CERTAIN-TEED roof than it does to lay a poor roof, but there is a vast difference in the wear. You can't tell the quality of a roofing by looks or feel. Your only safety is the label. Be sure that it is CERTAIN-TEED—then you are certain of quality and guaranteed satisfaction.

**Certain-teed Slate-Surfaced Asphalt Shingles** are supplanting wood and slate shingles for residences. They cost less, are just as good looking, wear better, won't fall off, buckle or split. They are fire-retardant, and do not have to be painted or stained.

**Certain-teed Paints and Varnishes** The name CERTAIN-TEED on a can of paint or varnish is the same guarantee of quality and satisfaction. It is on a roll of roofing or a bundle of shingles. Made for all uses and in all colors.
